

Environmental Emergencies Centre Online Learning

The Environmental Emergencies Learning Centre offers five different eLearning modules on the environmental dimensions of disaster prevention, preparedness and response.

The courses aim to minimize the human and environmental harm caused by environmental emergencies through strengthened skills and knowledge.

BEYOND RESPONSE: BETTER PREPAREDNESS FOR ENVIRONMENTAL EMERGENCIES

Focus: Overview of the international environmental emergency response mechanisms and the main actors supporting preparedness and response to environmental emergencies.

Time: 3 hours for completion

Available languages: English, French, Arabic

DISASTER WASTE MANAGEMENT: BEST PRACTICES AND TOOLS

Focus: Learning to predict, identify, analyze and plan the impacts of disaster waste in an emergency.

Time: 3 hours for completion

Available languages: English, French, Spanish and Russian

ENVIRONMENT IN HUMANITARIAN ACTION

Focus: Environmental aspects of humanitarian interventions: key opportunities, misconceptions and challenges for mainstreaming environmental issues into humanitarian work.

Time: 2 hours for completion

Available languages: English, French, Spanish and Russian

INTRODUCTION TO THE FLASH ENVIRONMENTAL ASSESSMENT TOOL: FEAT

Focus: Rapidly identify, prioritize and mitigate the impacts of chemical releases to human health and the environment through learning the process of a FEAT assessment process.

Time: 3 hours for completion

Available languages: English, Spanish (coming soon)

INTRODUCTION TO INDUSTRIAL ACCIDENTS: PREVENTION, PREPAREDNESS AND RESPONSE

Focus: Strengthening skills and capacity for preventing, preparing and responding to industrial incidents.

Time: 3 hours for completion

Available languages: English, French, Russian and Chinese

How to access the eLearning modules?

- » Go to the Environmental Emergencies Learning Centre at <http://learning.eecentre.org/>
- » Register / Log in
- » Access your specific course on the Learning Platform
- » In case of slow or limited connectivity, the modules can also be downloaded and completed offline

The UNEP/OCHA Joint Environment Unit issues completion certificates for each course fulfilled.

Joint Environment Unit:

The United Nations Environment Programme (UNEP) and the UN Office for the Coordination of Humanitarian Affairs (OCHA) respond as one UN to the environmental dimensions of emergencies. The partnership assists countries affected by disasters and crises and works to enhance the sustainability of humanitarian action.
